

**Department of the Interior
U.S. Fish and Wildlife Service
ALASKA STUDENT CAREER EXPERIENCE PROGRAM (SCEP)**

VACANCY ANNOUNCEMENT

**Wildlife Biologists, Refuge Management, Fishery Biologists,
Park Ranger (Visitor Services/Recreation Planners), Fire Management**

If you are interested in career-related employment which focuses on the protection and conservation of fish, wildlife, and their habitats; offers health/life insurance, retirement benefits, as well as vacation pay; and which could lead to permanent employment with the U.S. Fish and Wildlife Service, maybe the Service's SCEP is for you.

SCEP offers undergraduate and graduate students the opportunity to blend academic studies and Federal work experience into a planned progressive educational program. **The program provides formal periods of work and study while attending school.** Upon successful completion of the student's educational program and work requirements, the student may be eligible for permanent employment under a component of the SCEP program.

These vacancies are open to all qualified students and will be filled at the GS-4/5/7/9 level. Applications must be postmarked by **December 1, 2004.**

A general job description will be given for each job family recruited for. The job descriptions are as follows:

GS-0499 – Student Trainee (Biology)

GS-0099 - Student Trainee (Park Ranger [Visitor Services/Recreational Planning])

Alaska Refuges, Fisheries and Ecological Services

Student Trainee (Wildlife/Fish and Wildlife) – Student performs duties associated with birds, mammals, amphibians and plants which may include collection and analysis of data associated with the above listed groups; carries out census efforts; collects and records information on habitat conditions, evaluates potential impacts on habitats due to development or other changes; conducts population surveys and collects and/or identifies specimens; performs biological studies associated with wildlife populations, and participates in the planning and development of aquatic and terrestrial habitat restoration projects.

Student Trainee (Fishery) – Students performs a variety of duties which may include collection of habitat and population data relating to fishery resources, using scientifically proven methods. Participate in planning and development of aquatic restoration projects.

Assist with comprehensive aquatic resource inventories, habitat evaluation studies, collection of the field data and other field work.

Student Trainee (Fire Management) – Performs duties associated with wild land fire control/extinguishment that involves such activities as fire prevention, detection, suppression, dispatching, and prescribed burning.

Student Trainee (Park Ranger [Visitor Services/Recreational Planning]) - Assists in preparation of public use and interpretive programs, including drafting text for interpretive signs and publications, developing concept designs for publications and exhibits, developing audio/visual programs, and developing educational programs for the general public; drafts simple interpretive material, such as species lists and basic information on various sites of interest to the public; prepares routine reports: and answers questions for and conducts tours for visitors; responds to public inquiries for information about public use on the refuge and about refuge wildlife and natural resources.

Conditions of Employment:

Under Executive Order 11935, only United States citizens and nationals (residents of American Samoa and Swains Island) may compete for civil service jobs. Agencies are permitted to hire non-citizens only in very limited circumstances where there are no qualified citizens available for the position.

Occasional travel may be required.

Some disciplines listed require work outdoors, often under adverse weather conditions.

Some of the positions listed may require a drug test.

Other Information:

If claiming 5 point veterans' preference, a DD 214 must be submitted. If claiming 10 point veteran's preference, a DD 214, SF 15, and a current VA letter must be submitted.

How To Apply:

You must submit the following:

**** Students must submit two letters of recommendation. One must be from a college professor or instructor. Letters of Recommendation should not be from relatives or spouses.**
